

UNITED STATES AIR FORCE
MAINTENANCE OFFICER ASSOCIATION(MOA)

16 DEC 1981

SUBJECT: USAF MAINTENANCE OFFICER ASSOCIATION (MOA)

TO:

LTC JAY BENNETT	COL RON WALKER
MAJ JOHN COVI	→ COL DICK WATSON
LTC BILL JAMES	CAPT DAVE CSINTYAN
LTC TURK CUNNINGHAM	MAJ JOHN EDENFIELD
LTC FRANK MURPHY	LTC LARRY MATTHEWS

1. This letter is a proposal to form a USAF Maintenance Officer Association. We put together the above list of names to provide a broad cross-section of professional maintenance officers based both on present assignments and past experience. It in no way is intended to be all inclusive of the professionals in our business.

2. Recommendations:

a. The above listed officers comprise the membership committee. Candidates for MOA membership can be submitted by any current MOA members. The members of the membership committee will review and any committee member can vote to reject an applicant. Only one negative vote is required,

b. Initially, all the above officers can select five officers for membership, subject to the veto process in a. above. This will comprise the charter membership, i.e.

(1) membership committee

(2) the initial selections (5 ea) by the members of the membership committee

(Suggest everyone submit eight names in rank order.

Even with duplications that should allow for 5 selections from each list)

c. Membership cards will be issued and formally presented with instructions by the nominating MOA member if geographically feasible.

d. Suggest annual dues of \$10. This will cover newsletter cost, postage, membership cards, etc. (Don't think we should use G.I. mail)

e. MOA will be secret only in it's specific by-laws, commandments, etc. The existence of MOA (and membership in) should be open and flaunted. One suggested exception, membership on the membership committee will be known only by other membership committee members. (EYES ONLY). MOA membership list would be UNCLAS.
