

## NOMINATING COMMITTEE REPORT

The following individuals are offered for your consideration as candidates for MOA office:

**President:** LTC Ed Moitoza, HQ USAF/PRPR, Pentagon - Ed is a career maintenance officer who started out as an Avionics troop on various fighter and bomber flightlines. Ed has spent tours at HQ SAC, MPC, and as CRS/CC at 36 TAC Fighter Wing at Bitburg. Ed came to the Air Staff in 1983 to work the Strategic Avionics Programs. He is currently assigned as the Point of Contact for the Air Force Support Panel.

**Vice President:** LTC Jim Fillare, B9 MAW/AMA, Andrews - Joe is also a career MO, having begun his career in 1965. Joe is truly a MAC-trained killer and has managed to stay in MAC his entire career. He has flightline and backshop experience on all varieties of MAC aircraft. Joe formerly was commander of B9 OMS and was recently reassigned as assistant DCM of the B9.

**Treasurer:** Capt Wiley Mahan, HQ USAF/LE EXEC, Pentagon - Wiley is our current treasurer and has graciously accepted the nomination for a second term. Wiley is another career maintenance officer with a varied and sordid past amongst gas passers, tire kickers, and even ammo troops.

**Assistant Treasurer:** Capt Brian Timmons, HQ USAF/LERX, Pentagon - Brian is another career maintenance officer whose primary background has been in munitions. Brian's tours include flightline time at TAC, bomb-dump time in USAFE, and instructor time at ATC. Brian is currently assigned as the munitions representative to Project Checkmate.

As can be seen, all of our candidates are from the Washington area. Obviously, a broader cross-section would be more representative; however, the MOA administrative workload and day-to-day operations almost dictate a Washington-based executive board. Evening out any imbalance that might occur because of this are our regional directors, the policy council, and you as individual members.

The election procedures are set forth in Article IX of the bylaws. Note that nominations from the general membership must be received by 1 February. Please forward your nominations to the Nominating Committee at MOA's business address.

On 10 March ballots which will include the above slate as well as those individuals nominated by mail will be forwarded to all 1985 members. Inauguration of MOA's new officers will occur at our convention in March.

Respectfully submitted,

  
William Swezey  
Lt Colonel, USAF  
Chairman, Nominating Committee
